

Leslie stands at the doorway.

LESLIE

The portal is back on line.

KIRA

The building defenses are down. Security is now fighting hand to hand.

Andreas nods and hurries in. Others follow, but Leslie remains outside.

INT. PORTAL HALL -- NIGHT (05.27)

Leslie stands outside of the portal hall doors, Andreas and Catherine inside. Andreas stops and turns to look at Leslie, Catherine turns too. Andreas and Leslie look at each other.

LESLIE

Morgan will need someone who remembers.

ANDREAS

You find him and bring him home!

LESLIE

Give me 60 years.

Andreas points a finger at Leslie to haggle.

ANDREAS

40!

They smile.

A rocket hits the roof from outside and a small explosion breaks off a piece of concrete from the ceiling. It falls down and a man is caught under it. He falls and is dying. A nurse kneels to check his condition and shouts to Andreas.

NURSE

He is dying!

ANDREAS

Good timing!

Andreas speaks with a commanding voice.
